

Boston Leadership Institute

CALL FOR APPLICATIONS - SUMMER 2021

The Boston Leadership Institute is now accepting applications for Summer 2021 STEM programs designed for high-achieving high school students. Participants engage in experimental research with faculty experts in cutting-edge areas of science. Programs are offered in fields that generate high demand STEM careers.

Programs provide:

- Hands-on, in-depth research experience that can be included in college admissions essays
- Research skills that afford students an edge in obtaining internships and research positions
- A platform to explore potential college majors and careers
- An opportunity for students to demonstrate initiative, drive, and mastery of upper level STEM subject matter
- A guarantee to participate in award-winning programs rain or shine – we will run live or remote.

Well-equipped science labs and premier facilities provide the type of summer experience that is highly valued in college admissions. Programs take full advantage of Greater Boston locations where world-class colleges such as Harvard meet world-class biotech and medical centers to provide field trips and guest lectures. Over 1200 students enjoyed our 2019 programs. In 2020, we successfully rolled out remote programs. In 2021, we are offering both live and remote options. Alumni now attend top-ranked universities such as MIT, Harvard, Penn, and Yale. Day or overnight options are available. Programs include:

Science	Medicine	Engineering/Tech
Biological Research	Neuroscience & Neurosurgery	Biomedical Engineering
Chemistry Research	Biomedical & Surgical Research	Electronics & Robotics
Mars Mission	Oncology Research	Applied Physics & Engineering
Biotech & Pharma Research	Emergency Medicine	Engineering Research
Forensic Science	Epidemics & Contagion	Business
Marine Biology	Veterinary Medicine	STEM Entrepreneurship
Astrophysics	Genetics & Clinical Trials	Remote STEM Entrepreneurship
Remote Biotech Research	Emergency Medicine	Finance
