

# Boston Leadership Institute

## 2021 One-Week Summer STEM Programs

Marine Bio • Intro to Surgery • Sports Medicine • Psychology • Forensics •  
Architecture • Engineering • Biotech • Investment Banking • and more

Ready to dive into STEM subjects you don't see in school?

Award-winning one-week programs at the Boston Leadership Institute provide:

- Hands-on experience in the subject of your choice
- Classes led by top teachers and instructors with advanced degrees in their fields
- A platform to explore potential college majors and careers
- The opportunity to mix and match subjects to see what you enjoy most
- A guarantee to participate rain or shine – we will run in-person or remote.

Over 1200 students enjoyed our 2019 programs. In 2020, we successfully rolled out remote programs. In 2021, we are offering both live and remote options. Students who major in STEM areas are poised to land lucrative jobs right out of college. Residential and day programs are available in Wellesley, Waltham, and Boston. Spots fill quickly – reserve your seat early.
