Summer Camps

A Growing Guide to Help Everyone Learn How to Learn and Gain a Competitive Learning Advantage in School and Career.

is the gold medal [Parent and Teacher Choice Award winner](#) from HowtoLearn.com for their summer STEM programs for teens.

Boston Leadership Institute offers unique courses to help your teen learn STEM and give them a competitive advantage!

Check out their one week programs to help your teen decide what subject they are most passionate about; three week research programs so your teen can study at an advanced level before graduating high school, and one week Edge Programs to help your teen get ahead of the curve when preparing for math, science or AP Courses.

for more information about The Boston Leadership Institute.
